We Care About Your Safety

OUR COMMITMENT TO CLEANLINESS

We take standards for hygiene and cleanliness very seriously and are taking steps to ensure the safety of our guests and associates. The Hollywood Roosevelt has been closely monitoring the Centers for Disease Control and Prevention (CDC) and World Health Organization statements regarding the coronavirus (COVID-19). On a daily basis, our hotel is working to ensure we meet the latest guidance on hygiene and cleaning. Our hotels' health and safety measures are designed to address a broad spectrum of viruses, including COVID-19, and include everything from hand washing hygiene and cleaning product specifications to guest room and public space cleaning procedures.

GUEST AND EMPLOYEE SAFETY

We have increased the frequency of cleaning and disinfecting in public spaces, with a focus on the counter at the front desk, elevators (and elevator buttons), door handles, public bathrooms and even room keys. All public spaces are attended to every two to four hours and hourly for high-frequency public spaces, such as elevators, restrooms, and the front desk.

MERV 13 FILTRATION SYSTEM

To help prevent coronavirus infections in all public spaces and guest rooms, The Hollywood Roosevelt has upgraded air filters in HVAC systems to MERV 13.

CLEAN & SAFE CERTIFIED

The Hollywood Roosevelt has been certified by California Hotel & Lodging Association (CHLA) Clean + Safe Standards for COVID-19. We are a proud member of the California Hotel & Lodging Association.
